

YOUR HOME, AWAY FROM HOME.

If you or an associate requires a unique place to call home for a period of 14 days to 1 year, you need Banbury Places, International Harvester Apartment Homes Extended Stay Suites. The extended stay suites are conveniently located in downtown Eau Claire in a beautifully renovated warehouse style apartment complex. The building features an impressive open architecture with original brick walls, large wood columns, beams, impressive windows, and high ceilings.

The extended stay suites are very spacious one-bedroom units with a living room, dining room, and office space that totals more than 1200 fully furnished square feet. When we say fully furnished, we mean it; the suites contain all the cooking utensils, dinnerware, glassware, and linens you will need during your stay. A TV/VCR with cable, telephone with answering machine, high speed Internet, individually controlled heat and air conditioning and all utilities are also included at no extra charge. In addition, each extended stay suite comes with a 1 1/2-car garage with remote opening, controlled building access, and a use of the Banbury Place fitness center. The suites are non-smoking, and no pets are allowed.
